LIGHTING THE WAY TO A BRIGHTER FUTURE

Mwangaza Children's Centre is a registered children's home serving vulnerable children and families in Baringo County, Kenya. "Mwangaza" means light — and light is what we offer children who have lost the safety of family: shelter, schooling, food, and the steady presence that lets a child imagine a future again.

Our Mission

To restore hope to vulnerable children through shelter, education, nutrition, and holistic care that prepares them for independent, dignified lives.

Our Vision

A Baringo where every child grows up safe, educated, and known — with the chance to become whoever they were meant to be.

What We Do

Shelter & Care	A safe, family-style home with house-mothers and daily routines.
Education Support	School fees, uniforms, books, and tutoring.
Nutrition	Three balanced meals a day, prepared on-site.
Health & Wellbeing	Medical check-ups, counselling, and play therapy.

Our Values

Compassion

Every child is met first as a person, not a case file — with patience, warmth, and time.

Perseverance

Rebuilding a childhood takes years, not weeks. We stay through school terms, setbacks, and small wins.

Belonging

We build family where family was lost, so every child grows up knowing they are wanted and known.
