

Year in Review

2025 Annual Newsletter

A YEAR OF GROWTH

2025 was a year of steady, quiet progress at Mwangaza Children's Centre. Below is a summary of the year's milestones, made possible entirely by our sponsors, donors, and volunteers.

14

University & College
Graduates to date

21

Institutions & Communities
Assisted

63

Children Assisted
with School Supplies

9

Years of
Service

Graduation Day

In December, we celebrated as six of our young people graduated from university and college — in teaching, nursing, business, and agriculture. Each of them began their journey with us as children who had lost the safety of family; each now moves into independent adult life with a profession and a plan.

Sponsor Visits

Several long-time sponsors visited the Centre this year, meeting the children they support in person for the first time. Their visits are always a highlight for the children, who love showing off their classrooms, their gardens, and their school certificates.

Looking Ahead to 2026

In the year ahead, we hope to expand our health programme, complete renovations to the dormitory block, and grow our community outreach into two additional villages. None of it is possible without the continued generosity of people like you.

With gratitude,

The Mwangaza Children's Centre Team
